The IDEAL Model #65 TWISTER® AL/CU Wire Connector, when used in accordance with the instructions included with the product provides a safe, effective, legal, and permanent solution to the problem of connecting copper conductors to existing aluminum branch circuit wiring.

The IDEAL Model #65 TWISTER® AL/CU Connector complies with the N.E.C. Section 110-14b for aluminum to copper connections, and Federal Specification W-S-610E, is UL 486C Listed, UL 467 Listed, UL 94V-2 flame rated, CSA C22.2 #188 Certified, and rated 105°C (221°F) for use in all branch circuit and fixture splicing applications.

These approvals have been in full-uninterrupted force since the day the connector was introduced and remain intact today. For further information please contact IDEAL INDUSTRIES INC. at 1-800-435-0705.

Sincerely

IDEAL INDUSTRIES INC.
