Ed Pivonka
Executive Consultant
IDEAL INDUSTRIES INC.
9650 Chesapeake Drive
San Diego, CA 92123

Dear Mr. Pivonka,

This letter serves as approval/acceptance of the following IDEAL INDUSTRIES' LANTEK and LANTEK II series data cable certification instruments for use in Mohawk cable certified contractor programs: LANTEK 6, LANTEK6A, LANTEK 7, LANTEK 7G, LANTEK II-350, LANTEK II-500 and LANTEK II-1000.

Our certified Mohawk Accredited Contractor (MAC) installers are authorized to use the above listed instruments for field testing projects with all Mohawk Category 5e, Category 6, or Category 6A cabling that are eligible for our extended product and performance warranties. All provisions of the Mohawk MAC certified contractor program must be followed to receive our extended warranties, which includes fully testing the installation with instrumentation verified by ETL or UL to meet TIA performance Levels IIe, III, IIIe and IV which correspond to the TIA Category or ISO Class of cable being tested. The listed IDEAL LANTEK and LANTEK II instruments meet and exceed those requirements.

Best regards,

Gregory Niemiera, RCDD
